COMMITTEE INFORMATION TECHNOLOGY
FRIDAY, FEBRUARY 17, 2017
2:00 – 3:30 PM
410 MRK HALL

Summary

I. Chair Announcements

II. Approve 1/20/17 meeting summary- Approved

III. ASIS Security Discussion and ASIS Version 2 Presentation (30-45 mins)

- John Haller, ASIS Developer and Brian Donnelly, Enterprise Application Services Supervisor
  - The committee thoroughly discussed the security of ASIS
  - The balloting system is anonymous. The system time stamps when a person votes, but it does not record how they voted.
    1. IET is looking into removing the time and just recording the date for the purpose of customer service.

IV. Service Change: Duo Banner Integration

- The committee continued the discussion on the Duo Banner Integration service change. The concerns over the use of Smartphones has been satisfied and the committee is ready to move forward with a formal response to this RFC.

V. Other Business

VI. Meeting Schedule

- March 17th, 3:00-4:30pm, 408 Mrak Hall
