The faculty has authority for all aspects of the course, including content, structure, relevance of alternative points of view, and evaluations. All decisions affecting a student's academic standing, including assignment of grades, should be based upon academic considerations administered fairly and equitably under policies established by the Academic Senate.

The grade Incomplete shall be assigned only when the student's completed work (judged by itself and not in relation to the work required to pass the course as a whole) is of passing quality and represents a significant portion of the requirements for a final grade, but is incomplete for good cause as determined by the instructor. "Good cause" may include illness, serious personal problems, an accident, a death in the immediate family, a large and necessary increase in working hours, or other situations deemed to be of equal gravity.
