MOLLY THEODOSSEY

Policy Coordinator
UC Davis Compliance Office

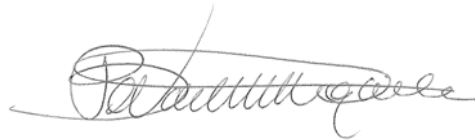

RE: Davis Division Response: PPM 240-61: Distribution or Use of Investigational Drugs

The proposal was forwarded to all Davis Division of the Academic Senate standing committees and Faculty Executive Committees from the Schools and Colleges. Responses were received from committees on Research, Planning and Budget, Graduate Council, Elections Rules and Jurisdiction.

The Davis Division of the Academic Senate recommends that FDA be properly defined as Food and Drug Administration (FDA) before being abbreviated in the policy.

We support the draft policy.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bruno Nachtergaele".

Bruno Nachtergaele, Chair
Davis Division of the Academic Senate
Professor: Mathematics
