APM 035, Affirmative Action and Nondiscrimination in Employment

Graduate Council is in general support of the document provided a clarification is made to the following. Not clear why was “expression” particular singled out for “gender” as there exist other “expressions” such as “religious expression”?

APM 190, Whistle Blower Policy

This is for academic personnel. There needs to be clarity in what ways this also applies to students hired by the university for teaching instruction. Not clear why ‘including communication based on, or when carrying out, job duties’ is being singled out as part of ‘good faith communication’, when the APM is specifically about faculty’s jobs.
