

Davis Division Academic Senate

Request for Consultation Responses

Requested Amendment of Davis Division Regulation 554

February 21, 2014

Chair Nachtergaele is seeking feedback on the UC Davis Extension Dean's requested amendment of Davis Division Regulation 554. Feedback received by the February 21, 2014, deadline will assist in evaluating the request. If there is support for the request, it will be forwarded to the Committee on Elections Rules and Jurisdiction for further review and action.

Council of School & College Faculty Chairs (AGRICULTURE)

February 24, 2014 10:39 AM

The CAES Exec Committee strongly supports this amendment

Council of School & College Faculty Chairs (ENGINEERING)

February 6, 2014 11:04 AM

The College of Engineering faculty Executive Committee supports this amendment.

Council of School & College Faculty Chairs (LS: SOC SCI)

February 7, 2014 10:56 AM

The L&S Executive Committee discussed this proposal, and we strongly support it. All of the committee members have been frustrated for years by the need to handle Extension students differently, try to get them included on SmartSite, make up fake ID numbers for them so their entries fit into SmartSite, etc. Faculty should not have to deal with all of these obstructions to normal teaching and grading practices. Getting each student's records in the right place should be a matter for the Registrar's Office. --Phil Shaver, Chair

Graduate Council

No response at this time.

Undergraduate Council

February 18, 2014 3:32 PM

UGC Response to Requested Amendment of Davis Division Regulation 554

Overall Undergraduate Council supports this proposal but recognizes it may cause some technical obstacles. The council also wants to assure that priority for registering for courses remains the same and that the transcripts contain a legend with appropriate notation that the course was taken through enrollment by a non-matriculated student.
