Proposed Revision: UCD APM 275 and 220I

May 21, 2010

Attached for your review and feedback are draft revisions to UCD 275, Professor of Clinical (___) Appointments in the School of Medicine, and UCD220I, School of Medicine: Use of Fractional FTEs for Full-Time Appointments. A brief summary of the proposed changes to each is provided on the first page of the item in ASIS.

Academic Freedom & Responsibility

April 28, 2010 2:45 PM

No academic freedom issues are apparent in this proposed amendment.

Administrative Partners (DANN TRASK)

June 3, 2010 5:43 PM

No response at this time.

CAP Oversight Committee

May 27, 2010 2:04 PM

CAP has reviewed the draft revisions to UCD275 and UCD2201, agrees with the proposed changes, and has no suggestions for additional modifications.

Council of School & College Faculty Chairs (MEDICINE)

May 16, 2010 11:18 AM

I support use of the Professor of Clinical (___) appointments for Health Sciences, instead of just the SOM. I note a couple of areas that should be changed in UCD 275: Section 275-10 b) 2) - the word physician should be replaced by either "clinician" or "practitioner" to be inclusive of faculty from the Vet or Nursing schools. The word "housestaff" should be replaced by "trainee", to be inclusive of students in either the Vet or Nursing schools. b) 3) a) the phrase "medical education/training" should be replaced by the term "professional education/training" to be inclusive for the Vet or Nursing schools.
