Dear Professor Bisson,

The L&S Executive Committee has reviewed the proposed revisions to UCD PPM Section 200-25 (Establishment or Revision of Academic Degree Programs). In the new section IV.A., we suggest the following minor change to the newly-inserted sentence: "The proposal must specify the **approved** academic agency offering the degree program." (The change is the addition of the word "approved".) As this followed a lively discussion of what an academic agency was, we thought it worthwhile to clarify that the agency must be one approved by the Regents, as is specified in the change in section II.A.

Sincerely,

Abigail Thompson, Chair

The UGC supports the revised language of PPM 200-25 with the clear understanding that this is intended to explicitly clarify that "departments, colleges, schools, graduate divisions, or other University academic agencies approved by the Board" are the only appropriate agencies and with the understanding that there are currently no other academic agencies.
