RE: Appointment Academic Senate Members to the Executive Council Special Committee on the November 18th Incident

Thank you for agreeing to serve on the Executive Council Special Committee. The Special Committee is charged with investigating the events that led to the use of force against protesters on November 18 **and subsequent events, review** the policies that allowed this to happen, and make recommendations for changes. They will have about 30 instructional days to make their report to the Executive Council. The group will also include non-Academic Senate members from the ASUCD, GSA, Staff Assembly and Academic Federation.

The Special Committee is asked to complete its work in 30 instructional days or by February 17, 2012. We appreciate your willingness to give of your time despite the expedited timeline associated with this task. Edwin M. Arevalo from the Academic Senate Office will provide analytical support to the Special Committee.

The Academic Senate Office is in the process of identifying the non-Academic Senate members from the respective organizations listed above.

Sincerely,

Richard P. Tucker, Chair
Committee on Committees
Professor, SOM: Cell Biology & Human Anatomy
