Memorandum of Understanding
Davis Division Committee on Courses of Instruction
School of Veterinary Medicine
August 23, 1999

Under the Regents' Standing Orders, the Davis Division Committee on Courses of Instruction has authority over all courses offered by professional schools that also offer undergraduate courses of instruction. By this document the Committee on Courses of Instruction agrees to delegate its authority over those of its courses numbered 400 to 499 in the UC Davis School of Veterinary Medicine open only to students in the School of Veterinary Medicine to the faculty of the School of Veterinary Medicine. All proposals to create, modify or cancel any such course in this series in the School of Veterinary Medicine shall, upon the approval of the appropriate faculty body, be forwarded directly to the Office of the Registrar, without requiring approval of the Committee on Courses of Instruction. The School of Veterinary Medicine may, at its discretion, forward copies of its course proposals to the Committee on Courses of Instruction for comment.

The School of Veterinary Medicine agrees that the Committee on Courses of Instruction retains authority over all courses in the School of Medicine numbered 1 to 99, 100 to 199, 200 to 299, and 300-399. All proposals to create, modify or cancel any course in these series in the School of Veterinary Medicine shall require the approval of the Committee on Courses of Instruction after their approval by the appropriate faculty body in the School of Veterinary Medicine.

Courses numbered 400 to 499 may, with the approval of the Committee on Courses of Instruction, be duplicated and numbered in the series from 200 to 299 in order to allow the enrollment in those courses of graduate students who are not professional students in the School of Veterinary Medicine.

This agreement shall apply to all courses not received by the Committee on Courses of Instruction by June 21, 1999, and shall remain in force until abrogated by either the Committee on Courses of Instruction or the School of Veterinary Medicine.
