**UGC Resolution**  
**Learning Outcomes Assessment**

Whereas departments and programs have established learning objectives consistent with their mission statements; and

Whereas rigorous outcomes assessment will allow programs to identify areas that can be improved.

The Undergraduate Council resolves that

1. Departments and programs will assess the degree to which undergraduate students in their majors are attaining their learning objectives.
2. Departments will develop methods to assess their learning outcomes.
3. Departments and programs will report to the Chair of the Academic Senate, Davis Division, by the beginning of fall quarter 2013, that they are making progress towards implementing learning outcomes assessment.
4. Departments and programs that already measure learning outcomes will report to the Chair of the Academic Senate, Davis Division, that they do so.
5. Undergraduate Instruction and Program Review (UIPR) evaluates departments' and programs' learning outcomes assessment results as part of the regular program review process.
6. The Campus Administration will make resources available so that departments and programs can develop and implement pilot learning outcomes assessments.
